

# RARE BIRDS NESTING

Ousted from their traditional habitats 8–12 New Zealand Dotterel have chosen Point England as a safe place to breed. We are saving these birds by remaining outside their nesting area.

**ENDANGERED  
DOTTEREL CHICK**

**FACTS:** SCARES EASILY

- EGGS DIE QUICKLY FROM HEAT & COLD
- 10X MORE RARE THAN BROWN KIWI
- PREFERS TO NEST ON BEACHES
  - LIVES FOR 32+ YEARS
  - MATES FOR LIFE

**NO DOGS  
IN THE PADDOCKS PLEASE**

**POINT  
ENGLAND  
BIRD  
SANCTUARY**
